## Finance Department

## The Finance Department

The mission of the Finance Department is to ensure that all resources of Stephen T Badin High School are managed and accounted for in an effective and efficient manner, that all financial records are presented in a timely, accurate and meaningful format, and that all staff members work toward continuous improvement and professional service.

We understand that affording a Catholic high school education can be very difficult for families. We appreciate the sacrifice that families endure to ensure that their son/daughter(s) can attend Badin. We do everything we can to maintain expenses and keep tuition affordable. It is important that families apply for financial aid if they feel they will need financial support.
