

Slovisky Family Scholarship Application

The Slovisky Family Scholarship was established by John and Joanne Slovisky to provide 2 scholarship (\$1,000 each) to graduating seniors who will be attending a trade school, seeking additional training to enter the workforce, or has established their own small business. As a way to encourage those who are pursuing a trade or establishing a small business, they have generously established a scholarship for graduating seniors at Badin High School.

This scholarship is available to a current senior student who meets the following criteria:

- Currently enrolled at Badin High School
- Will graduate with his/her class
- Will not be attending college or university
- Will be entering a trade, seeking additional training for the workforce or have an established small business.

The award recipient will be notified in early May and will be expected to attend the Badin Academic Awards ceremony. **Please submit your completed application and essay to the Advancement Office by April 1, 2024.**

The application must include a completed essay. The selection committee will choose scholarship finalists based on the strength of the application and the essay.
